JULY DISPLAYS

Kristen Oja will have her art on display at the library during the month of July. Kristen was born in Pendleton, Oregon and is currently a Biology instructor at BMCC. At an early age she discovered what would become the three prime movers for her art: her family dog, exercise/physical education, and nature.

Kristen enjoys creating art in her free time. Her work is mainly composed of her perception of the parts of life that bring her joy as filtered through her imagination.

The Adult, Children's, and Teen Summer Reading Program prizes and information will be displayed in both of our glass cases.

Stop by sometime during the month to see these displays.
